

## ATHLETIC PROGRAM FOR CENTRAL Y. W. C. A.

Misses Hyde and Peet Are to Have Charge of Physical Department.

### SWIMMING POOL BIG FEATURE

Daily Gymnasium Classes for Women and Girls Announced, With Special Recreation and Health-Giving Features Under Expert Direction.

The department of physical education of the Young Women's Christian Association has announced its winter schedule. As usual, provision will be made in the gymnasium classes for women of every age and occupation, and hours will be so arranged as to enable business girls to take full advantage of the recreation and health-giving features of carefully supervised exercises.

The special class in reducing and corrective exercises will be continued this year. The age of admission for small children will be reduced to four years, and the little girls will have a class all their own on Saturday mornings. Should there be sufficient demand for it, a beginners' class for business girls, to meet once a week, will be formed. Registrations for the several classes will open October 2, and close November 1. Swimming will be made a special feature of the winter's program this year, as the new system of refilling installed last spring will make it possible to heat the pool evenly and comfortably at all times. After October 1 the pool will be open every day from 5 to 7 in the afternoon and from 8:30 to 9:30 in the evening, and every day, except Wednesday, from 11:30 to 1 P. M. Lessons will be given by appointment only.

### BETTER-ACQUAINTANCE PARTY FOR GYMNASIUM MEMBERS

On Saturday evening, October 7, the gymnasium members, old and new, will be entertained at a better-acquaintance party, at which time the new physical directors, who have just arrived in the city, will be introduced.

Miss Martha Jane Hyde, of Wichita, Kan., will be head of the department this year. Miss Hyde comes to her work with thorough preparation. Her elementary education was received in the schools and colleges of her native State, and was further supplemented by a year of study abroad. Her technical training was received in the Boston School of Physical Education, where she graduated last June, and in the National Training School of the Young Women's Christian Association in New York City.

Miss Ruth L. Peet, of New Haven, Conn., will be Miss Hyde's associate, and is no less well prepared for her work. She received her preliminary training in Oberlin, Ohio, and graduated this year with the degree of Bachelor of Science from Columbia University, winning also a diploma from the teachers' college of that institution. Miss Peet was a student-instructor in the Teachers' College during the past winter.

Miss Rita May Baker, of this city, will continue to assist at the swimming pool.

### INSPECT GLYMPS FARM

Mayor and City Officials Look Over Property Offered to City for Indigent Farm.

Headed by Mayor, George Atsile, members of the Administrative Board, both branches of the Council and other city officials and experts employed in an advisory capacity and a party of newspaper men inspected the "Glymps" farm, in Henrico County, yesterday afternoon, which has been offered as a desirable site for the proposed city farm.

The party left Richmond shortly after 1 o'clock in a special car over the Richmond and Rappahannock River Railway, in which they traveled as far as Old Church. Automobiles met the party there, and they motored to the farm, which is located on the Pamunkey River. Several hours were spent in inspecting the property, and members of the board expressed considerable interest in the large crops that were waiting to be harvested.

### Magistrate Reopens Case.

Magistrate W. H. Hardy, of Henrico County, reopened the case against C. N. Parker yesterday, under which he was fined \$15 and costs several weeks ago for recklessly driving his automobile on the Nine-Mile Road, and required to furnish a cash bond of \$75 to cover probable damages to a buggy owned by S. J. Hanselman, with which he collided. At the trial yesterday Parker was released of the cash bond, evidence being introduced to prove that Hanselman was at fault in the collision.

### Much Mail Misdirected.

Postmaster Hay T. Thornton stated yesterday that considerable inconvenience was being caused residents of Westhampton through misdirected mail. There is no post-office named Westhampton. Mail intended for people living in that suburb, said Mr. Thornton, should be directed either to Richmond, Rural Route, No. 2, or to Rio Vista, Rural Route, No. 1.

### Diabetes Treated Successfully

Medical science admits of no definite cure for diabetes despite the many years of experimenting and research by foremost physicians the world over. However, this popular theory might be called fallacious if one were to judge from the following unsolicited testimonial from a grateful user of Warner's Safe Diabetes Remedy.

"I had been troubled with Diabetes for 8 years. I heard about Warner's Safe Diabetes Remedy and I tried some of it and got myself in good condition and went to work again. One man said he doctored for 2 years and that one bottle of Warner's Safe Diabetes Remedy did him more good than all the doctors he consulted. I was pleased and so thankful for your life-saving remedy that I cheerfully recommend it to any one troubled with Diabetes, and I hope this will be the cause of helping many sufferers." (Signed) James P. Pitt, Nat'l Military Home, Dayton, Ohio.

Warner's Safe Diabetes Remedy is made from a formula tried and tested and used with remarkable results during the past 16 years. As the name indicates, Warner's Safe Diabetes Remedy is absolutely safe, as it is made from herbs and other beneficial ingredients.

Sold by leading druggists everywhere. Free sample on request. Warner's Safe Diabetes Remedy Co., Dept. 664, Rochester, N. Y.—Adv.

## New Physical Directors at Y.W.C.A.

MISS RUTH L. PEET.

MISS MARTHA JANE HYDE.

### MECHANICS' INSTITUTE ADDS COURSE IN ADVERTISING

Advance Enrollment of Night Classes Is Now 226, With Prospect of Large Increase.

Having already 226 students enrolled and with the prospect of a large number of others to come to-morrow and Tuesday, the Virginia Mechanics' Institute faces the opening Wednesday night with bright prospects. Classes will complete their organization on Thursday and Friday nights, and regular work will start next week.

At the request of a number of prospective students, a class in advertising will begin on October 3. A canvass of seventy-five wholesale, retail and manufacturing concerns has shown that the demand for instruction in advertising is general. On account of the recent development of the field of advertising, ignorance of its principles and methods is widespread.

The courses offered at the Virginia Mechanics' Institute are designed for the benefit of a large and various class of students. Those already engaged in advertising work or in some other field who desire to increase their usefulness in business, men desirous of preparing their own advertising material or of judging the value of that presented by others, men wishing to apply the principles of advertising in other lines of business, all are invited to take advantage of the training at the night school.

Publications of the Associated Advertising Clubs of the World, with headquarters at Indianapolis, will be used in conducting the class. From the educational committee of the Associated Advertising Clubs will be secured slides for illustrating lectures in the course. Most of the lecturers and instructors will be secured from the membership of the local chapter of the organization.

Among the topics covered will be advertising a retail business, marketing a product at wholesale, the mail order business, writing business letters, covering white space effectively, facts about papers and inks, newspaper advertising, outdoor advertising, street car advertising, booklets, catalogues and circulars.

### Writ of Error Awarded.

The Supreme Court of Appeals yesterday awarded T. H. Brown a writ of error and supersedeas to the judgment of the Circuit Court of Culpeper County, which decided a suit, involving the payment of a promissory note, on which Brown was indorser, in favor of the maker, R. L. Thomas.

## NO SPREAD OF INFANTILE PARALYSIS IS EXPECTED

Entire Grade in Barton Heights Public School Is Under Quarantine.

### AFFECT FORTY-SEVEN HOUSES

State and City Health Authorities, After Conference With Barton Heights Citizens, Decide Against Closing School at Present.

While Health Department physicians were devoting almost their entire time to the situation yesterday and were watching for further developments of infantile paralysis, they said last night that no spread of the disease from the case of little Wilma Boyd, of 719 Virginia Avenue, who died Friday, was anticipated. The situation in Richmond, they said, was well under control.

A delegation of citizens from Barton Heights, headed by former Mayor W. S. Pettit, appeared before the Health Department yesterday, and urged that the Barton Heights School be ordered closed for several days if department physicians considered there was the slightest danger of a spread from the Boyd case. Citizens said that they did not wish to spread the impression that they were unduly alarmed over conditions, but they wanted whatever steps the Health Department deemed advisable to be taken.

After a conference between State Health Commissioner Emmon G. Williams, Dr. E. E. Sammers, assistant medical inspector of schools, and Dr. H. S. Stern, medical inspector of the Health Department, it was decided that Dr. J. A. C. Chandler, superintendent of schools, to order the Barton Heights School closed. A further conference will probably be held to-day.

### ENTIRE GRADE HAS BEEN QUARANTINED

Dr. Stern pointed out to Barton Heights citizens that the entire class of 2-A grade, in which little Wilma Boyd was a pupil, had been quarantined in their homes for a period of two weeks. Forty-seven homes in this section have been quarantined, including those of the thirty-nine in the class in the school. Department physicians said yesterday that they thought there was little danger of contagion, and that everything had been done to reduce this danger to a minimum.

The department was busy early yesterday answering numerous inquiries about a reported case of infantile paralysis in the West End. This report was untrue, and was the result of a misunderstanding of the facts in the case.

It was stated at the Health Department that the report arose from the illness of little Anne, the three-year-old daughter of Mrs. "Tom" Armstrong, of Cedar Grove, near Bon Air. She has been sick for the past two weeks, suffering from what was first pronounced inflammatory rheumatism. The child was brought to Richmond Thursday that it might be examined by Dr. McGuire Newton, who diagnosed the illness as a mild form of paralysis. With the permission of the Chesterfield authorities the child was moved back to Cedar Grove.

### NO VIOLATION OF QUARANTINE ORDER

The family of John Armstrong, in the meantime, has returned to their home at 1511 West Avenue in an automobile from Cedar Grove. The four families were at once quarantined, as a matter of precaution. The department, in response to complaints from neighborhoods, informed them that no violation of the quarantine had been made.

Frances Boyd, sister of the child who succumbed to the disease, was taken violently ill Friday night at the home of W. L. Austin, where she had been removed to prevent further exposure from paralysis. Physicians were summoned at once, and stated yesterday that she had shown no symptoms of infantile paralysis. She was

removed to the home of her parents yesterday morning, and is under close observation of Health Department physicians.

### DUTCH STEAMER CAPTURED AND TAKEN TO ZEEBRUGGE

About Half of Her 61 Passengers Taken Off—Vessel Later Released, and Returns to Flushing.

LONDON, September 23.—The Dutch mail steamer Trins Hendrik, which left Flushing this morning for London, having on board a number of Russians, French, Belgians and British, including some escaped war prisoners, was captured twenty miles out from Flushing by the Germans and taken to Zeebrugge, where approximately half of her sixty-four passengers were taken off.

Several Americans were aboard the steamer, including Herbert C. Hoover, chairman of the American Commission for Belgian Relief, but they were not molested in any way.

The steamer was later released, and returned to Flushing. It will proceed for London on Sunday.

Heavy mails were aboard, among them much from America. According to the latest advices, the American mail was not touched.

One report says a submarine made the capture; another says that the German craft was a destroyer.

Dr. McDaniel at Hull Road Y. M. C. A. Rev. G. W. McDaniel, D. D., pastor of the First Baptist Church, will address the men's meeting at the Hull Road Y. M. C. A. this afternoon at 3:30 o'clock on "Christ, the Personal Worker." There will be special music.

### Fire Prevention Day.

Governor Stuart has named October 1 as Fire Prevention Day. No proclamation will be issued by the executive, but the opportunity will be taken on this day throughout the city and State to impress upon the people the importance of taking every precaution against property loss by fire.

### Peddling Without License.

Louis Salter, nineteen years old, was fined \$100 and costs in the Police Court yesterday when arraigned on a charge of peddling jewelry without a license. Salter maintained that he was unaware he was violating the law. He paid his fine.

### Lightning Destroys Barn.

HAIRSBURG, Va., September 23.—A barn owned by A. J. Miller, near Sanguville, was struck by lightning last night and burned to the ground. Wheat, hay, harness and vehicles were destroyed. The loss is \$2,000.

### Big Enrollment at V. P. I.

At the close of the third day of the session at the Virginia Polytechnic Institute 481 students have matriculated, an increase of seventy over the enrollment at the corresponding date last year. More students are coming in by every train.

## Memorial Day for Confederate Home

Buttons to Be Sold in Name of Late Captain Sally Tompkins.

In honor of the memory of Captain Sally Tompkins, the only woman ever given a commission of officer in the Confederate army, it is planned to hold a memorial day October 2, when small buttons will be sold on the streets of Richmond. The proceeds from the sale of the buttons will go to the benefit of the Home for Needy Confederate Women, 3 East Grace Street.

Mayor George Atsile granted Mrs. Andrew Jackson Montague, president of the home, permission yesterday to hold the memorial day. "There are few institutions in Richmond that appeal more strongly to the generous instincts of our people than the Home for Needy Confederate Women," the Mayor wrote Mrs. Montague, "and the fact that its maintenance has been increasingly difficult by reason of the high prices should make stronger your appeal for help in the work of the institution."

"The people of this city have been most generous in contributing funds to alleviate the suffering and want of women and children in Europe during the past two years, but I am sure that their generosity in this regard will not make them forget these survivors of the War Between the States, who are now dependent upon the help of others."

Breaks Her Ankle. Mrs. T. B. Vanecey, of Gentlo Mills, Powhatan County, stepped off of a platform at her home last week and broke her ankle. She received medical treatment, and was reported as improving yesterday.

## Your Personal Safety

Is always menaced by a cold. Perhaps slight in itself, it prepares the way for serious diseases, disarranges your stomach and digestion and inflames the membranes that line your body, with acute catarrh. It's only a step to chronic catarrh.

### Catarrh is Stagnation PERUNA is Invigoration

A sensible treatment will restore the fitful appetite, remove the waste matter, soothe the irritated membranes, dispel the catarrh, and invigorate the system. That's the mission of Peruna, a scientific medicine from vegetable sources compounded in a complete laboratory.

Remember that thousands have used it with success. Remember that it has made friends for nearly half a century. Ask yourself: "If it has helped so many, may it not help me?"

Peruna Tablets are a popular form of this reliable medicine. They are pleasant, convenient and effective. Ask your druggist for a box. Manalin Tablets—A convenient form of the ideal laxative. Delicious to the taste, mild in action, arousing the liver and the bowels. Two sizes, 10c and 25c. Get a copy of our new booklet—free.

THE PERUNA COMPANY, Columbus, Ohio.

## McCOY'S

EIGHTH AND BROAD STREETS. THE ONLY PUFFER SEALED TYPE FOUNTAIN IN RICHMOND. EVERY GLASS STERILIZED. BOILING WATER RUNNING ALL THE TIME. YOUR INSPECTION INVITED. WE CLOSE ON SUNDAY.

## You Must See These Wonderful New Improvements

The Sanitary base of the McDougall Kitchen Cabinet is one of the distinct features that have made the McDougall the standard by which kitchen furniture is judged. You can sweep under it any time without moving it. It insures neatness and cleanliness in the kitchen.

## The New Disappearing Auto-Front

is another wonderful McDougall feature that cannot be had in any other make of kitchen cabinet. Once you have seen it and tried it, you will never be content with anything different. And these are but two of the many unique and fascinating improvements to be found in

## McDougall KITCHEN CABINETS

You have often wanted to have a McDougall in your kitchen. You realized how many thousands of needless steps it will save you—how it will make your kitchen work easier and your kitchen hours shorter—how it will add to the joy of preparing any meal as well as to the ease of serving it.

## Special Sale All This Week

GREATLY REDUCED PRICES—TERMS \$1.00 A WEEK

You are urged to visit our store and see for yourself the different styles of McDougall Kitchen Cabinets on sale this week at prices ranging from \$25.50 up—all sold on the easiest of easy payment terms—only \$1.00 down and \$1.00 a week. You can certainly afford to have a McDougall under these most favorable conditions.

## Delivery Any Time You Say

Come down to-day and pick out the particular style you like best. We will put it aside for you, and deliver it any time you say—and still give you the advantage of the special price reductions that are made only during this sale.
